SUMMARY

MCA student with foundational MERN Stack skills, eager to contribute to full-stack development. Passionate about building dynamic web applications, solving problems, and continuously improving technical expertise.

EDUCATION

- **Master of Computer Applications (MCA)**
Techno India University 2023-2025
8.75 CGPA
 - **Bachelor of Computer Application (BCA)**
Midnapore College (Autonomous) 2020-2023
8.89 CGPA
 - **Higher Secondary**
WBCHSE 2019-2020
78.4 %
-

PROJECTS

- **HUNGRY ([See Here](#))**
USE: MongoDB, Express.js, React.js, and Node.js
It is a fully responsive food delivery web application with a modern UI design. It is built as a full-stack project, ensuring smooth user experience from ordering to delivery tracking. The platform efficiently connects customers with restaurants for quick and convenient food delivery.
 - **HOUSE & PARKING RENTAL WEBSITE [Group Project] ([See Here](#))**
USE: Express.js, React.js, and Node.js, MySQL
It is a unique platform designed to simplify the booking process for both rental rooms and parking spaces, addressing a critical gap in existing solutions.
 - **TRAIN-TICKET-RESERVATION-SYSTEM ([See Here](#))**
USE: HTML, CSS, Bootstrap, Java [J2EE], JDBC, Servlet, SQL*Plus
This project is about the Train-Ticket-Reservation-System which is used to view Train Schedule, search trains, Seat availability, Train timings. We can also enquire about fare of different trains.
-

FULL-STACK WEB DEVELOPMENT INTERNSHIP([See Here](#))

- **FROM: Euphoria GenX**
Completed industrial training on MERN Stack (Feb 2025 – Aug 2025), gaining hands-on experience in building and deploying dynamic web applications.
-

CERTIFICATION

- **Complete Generative AI: Build Pro Web, Mobile & SaaS Apps – Udemy ([See Here](#))**
Learned to design and deploy AI-powered web, mobile, and SaaS applications using advanced generative AI tools and frameworks.

SKILLS

- **Technical Skills:** JavaScript, NodeJS, ReactJS, HTML, CSS, Java (basic).
 - **Database:** MongoDB, SQL*PLUS
 - **Developer Tools:** VS Code, GitHub
-

LANGUAGES: English, Hindi, Bengali
